

KS1- 2 Year ROLLING PROGRAMME - Geography

People & places	Children will learn to understand the processes that give rise to key physical and human geographical features of the world, how these are interdependent and how they bring about spatial variation and change over time.
Environmental changes	Over time children will gain the Geographical knowledge, understanding and skills to be able to explain the Earth's features and characteristics and how lands (and rivers) are shaped, interconnected and change over time
Location, location, location	Children will develop contextual knowledge of the location of globally significant places – both terrestrial and marine – including their defining physical and human characteristics and how these provide a geographical context for understanding the actions of processes.
