

KS2 4 Year ROLLING PROGRAMME for Geography

People & places	Children will learn to understand the processes that give rise to key physical and human geographical features of the world, how these are interdependent and how they bring about spatial variation and change over time.
Environmental changes	Over time children will gain the Geographical knowledge, understanding and skills to be able to explain the Earth's features and characteristics and how lands (and rivers) are shaped, interconnected and change over time
Location, location, location	Children will develop contextual knowledge of the location of globally significant places – both terrestrial and marine – including their defining physical and human characteristics and how these provide a geographical context for understanding the actions of processes.

Cycle A	Autumn Term 2023	Spring Term 2024	Summer Term 2024
Geography	<p style="text-align: center;">Location, location, location</p> <p style="text-align: center;">Holidaying in the UK—where should I visit?</p> <p>Countries, cities and main geographical highlights around the UK</p>		<p style="text-align: center;">People & places</p> <p style="text-align: center;">What observations can I make about my local area?</p> <p style="text-align: center;">Investigating Willoughby on the Wolds (UK)</p>

Cycle B	Autumn Term 2024	Spring Term 2025	Summer Term 2025
Geography	<p style="text-align: center;">Environmental changes</p> <p style="text-align: center;">Are Mountains and Rivers Important?</p> <p>Climates & physical features Water cycle</p>		<p style="text-align: center;">Environmental changes</p> <p style="text-align: center;">What makes the earth angry?</p>
