Personal Accident Insurance Policy

Personal Accident Insurance

Nottinghamshire Local Authority does not arrange personal accident insurance for pupils attending its schools. Parents of a pupil who has an accident whilst on school premises can only claim against the County Council where negligence can be proved.

Parents wishing to insure their children against such accidental injury will therefore need to make their own arrangements. Certain insurance companies specialise in this type of insurance. The National Confederation of Parent Teacher Associations has negotiated a particularly appropriate policy through Holmwoods Insurance Services Limited.

Further details of the scheme can be obtained from Holmwoods at:-
